Non-Detectable THC

Products for optimal results without a “high”

SUPERIOR MANUFACTURING

TOP REASONS PATIENTS SELF-TREAT WITH CBD

*Forbes Health Survey, 2024

THE ENDOCANNABINOID SYSTEM

WHAT IS THE ECS?

The ECS helps regulate and balance many of the body's vital functions, allowing these processes to work together optimally.

HOW IT WORKS

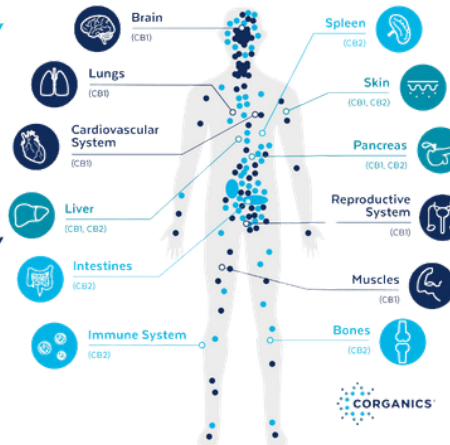

By interacting with the ECS, CBD may help to reduce pain sensation, inflammation and support healthy sleep.

AREAS IMPACTED BY CB1 RECEPTORS

- Inflammation
- Stress response
- Blood pressure
- Mood
- Memory

AREAS IMPACTED BY CB2 RECEPTORS

- Inflammation
- Immune system
- Bone and skin health
- Cardiovascular system
- Liver and kidney function

PATIENT TESTIMONIAL

"I trust your organization because it was doctor recommended. I got very clear information from the doctor and felt like this product was truly safe over those found from local shops."

Organics Clinical CBD Softgels

- Clinically studied in pain, sleep & anxiety
- Non-addictive or habit forming
- Convenient dosing with superior absorption

Recommended Dosing:

One 30 mg softgel daily with food

Organics Clinical CBD Drops

- Fast onset, superior absorption
- Can ease anxiety and/or discomfort
- Pure taste, pure ingredients

Recommended Dosing:

1 ml once daily under tongue. Hold for 20 sec. and then swallow

Organics Clinical CBD Cream

- Eases muscle and joint soreness
- Rapid absorption
- Unscented, fragrance free

Recommended Dosing:

1 full pump applied to affected area as needed to minimize discomfort
